OAN Uncovering the Crime of the Century with Rudy  
Giuliani, Rumble (June 14, 2021)

Plaintiffs' Exhibit

**PTX-18**

C.A. No. 21-3354 (BAH)

1           NATALIE HARP: Good evening, and  
2 welcome to the real story. Tonight, we're going  
3 state by state for the real story of what  
4 happened election night, 2020. And what's been  
5 happening since in every red state that went blue  
6 due to election changing amounts of fraud.

7           And in order to do so, we are so  
8 pleased to have with us for the whole hour Rudy  
9 Giuliani, who will be joining us in a moment.

10           But first, can you believe it? It's  
11 been a little over seven months, seven months  
12 since what was on track to be a glorious election  
13 night with President Trump decisively winning in  
14 a landslide, 2496 counties to Biden's 477,  
15 including 18 of the 19 bell weather counties and  
16 the most votes for a sitting president in the  
17 history of our country.

18           You know, certain rhinos in the  
19 establishment are telling us to move on from  
20 this. They're already talking about campaigning  
21 for 2022, and certain Republicans, even those  
22 that claim to believe in election integrity, are  
23 already posturing for their presidential runs in  
24 2024.

25           But why run and why vote? If they can

1 rig and cheat and steal a presidential election,  
2 not just from the most popular and beloved  
3 president in American history, but from the  
4 people, what's going to stop them from doing it  
5 again? There have been no consequences as of  
6 yet.

7 And they are still so proud of what  
8 they did and got away with. It's the reason they  
9 left their calling card, not at the scene of the  
10 crime per say, but in Time Magazine. As Time  
11 Magazine, published on February 4, 2021, an  
12 expose on their crime of the century with  
13 testimony from those detailing and bragging about  
14 the secret history of the shadow campaign that  
15 saved the 2020 election. Typo there, not saved,  
16 stole the 2020 election.

17 And do you want to know what's worse?  
18 They actually admit President Trump was right,  
19 there was a conspiracy. President Trump says it  
20 and gets banned from Twitter, Facebook, and  
21 Instagram. They say it, and they get top billing  
22 in Time Magazine. Listen to this from Time's  
23 National Political Correspondent, Molly Ball.

24 "To the President, something felt  
25 amiss. It was all very, very strange, Trump said

1 on December 2nd. Within days after the election,  
2 we witnessed an orchestrated effort to anoint the  
3 winner, even while many key states were still  
4 being counted. In a way, Trump was right. There  
5 was a conspiracy unfolding behind the scenes, one  
6 that both curtailed the protests and coordinated  
7 the resistance."

8 And do you want to know what this  
9 conspiracy actually looked like? Well, it  
10 certainly didn't begin election night, or the  
11 midnight hours of the next day. No, it began  
12 much, much earlier. Listen to this.

13 "Their work touched every aspect of the  
14 election. They got states to change voting  
15 systems and laws and helped secure hundreds of  
16 millions in public and private funding. They  
17 fended off voter-suppression lawsuits, recruited  
18 armies of poll workers and got millions of people  
19 to vote by mail for the first time.

20 They successfully pressured social  
21 media companies to take a harder line against  
22 disinformation and used data driven strategies to  
23 fight viral smears. They executed national  
24 public awareness campaigns that helped Americans  
25 understand how the vote count would unfold over

1 days or week preventing Trump's conspiracy  
2 theories and false claims of victory from getting  
3 more traction. After election day, they  
4 monitored every pressure point to ensure that  
5 Trump could not overturn the result."

6 So, here we are seven months later.  
7 Yes, Biden is in the White House and everyone's  
8 talking 2022 and 2024. But for we the people, we  
9 the 74 million plus who voted for President  
10 Trump, our eyes are fixed, not on November 2022,  
11 or 2024, but November 2020.

12 It's the reason why America's audits  
13 are sweeping the country. Not because President  
14 Trump hasn't moved on from the 2020 election, but  
15 because we the people haven't. And that is the  
16 real story.

17 Joining us now, we're so please to have  
18 with us for the whole hour to talk November 3rd  
19 to the present, election integrity champion and  
20 America's Mayor, Rudy Giuliani.

21 Mr. Mayor, no one knows fraud like you  
22 did. You knew state by state, you were there on  
23 the ground exposing the fraud. Here we are, do  
24 you feel like we're making progress. First of  
25 all, we'll go overall, but then I want to go

1 state by state starting with Arizona.

2 RUDY GIULIANI: Yes, we're making  
3 progress in a frustrating way because it's so  
4 long now and it's taking so long to get to a  
5 point that we should have been at two or three  
6 weeks after the election. But in any event,  
7 yeah, we're making progress.

8 And as you said in your opening,  
9 Natalie, whatever, whatever, your view of the  
10 election, this has to be done. It has to be done  
11 because the Democrat party wants to pass a law,  
12 H.R.1 it's generally called, that would codify,  
13 put into law, basically, many of the things they  
14 did that from our point of view we alleged helped  
15 to create a fraudulent election.

16 I mean, the main one being the massive  
17 mail-in ballots, never had happened before in  
18 American history, that were unsupervised, even  
19 though they were supposed to be signed.

20 Now, they want massive mail-in ballots  
21 completely unsupervised without even signatures  
22 to identify them, which is almost impossible to  
23 understand how, I mean, there'd be no way that  
24 you could verify an election like that.

25 So, it seems like what they did before,

1 which I believe and certainly was my allegation,  
2 violated the law, they now want to change the law  
3 so that they can do it legally. They can just  
4 put in as many ballots as they want, somebody can  
5 vote eight times, ten times, and we'd never be  
6 able to know. Dead people can vote, we'd never  
7 be able to know.

8           They also, in H.R.1, don't want to  
9 allow anyone to purge the registration. Now,  
10 what that means is your name would be in the  
11 registration book forever. So, if you move  
12 somewhere and you voted somewhere, they'd never  
13 be able to take your name out. Which would make  
14 available in every registration book, large  
15 numbers of people who had moved to other states,  
16 and large numbers of people who were dead.

17           Well, now, you've seen what they've  
18 done there, they've made it easier to do what, in  
19 many states, we've alleged they have done, and  
20 these audits should be able to prove that they  
21 had people from out of state vote, they had dead  
22 people vote, well, dead people didn't vote,  
23 unless there's something supernatural, I'm not  
24 aware of.

25           And they also, in some states, had a

1 large number of underaged people vote. And when  
2 we get to that I'll explain to you they actually  
3 didn't vote.

4 NATALIE HARP: Exactly.

5 RUDY GIULIANI: But they were a way,  
6 they were a way of getting people who voted  
7 numerous times to be able to assign a  
8 registration to them. So, these things have to  
9 be exposed, they have to be brought out, because  
10 it can -- this should never happen again --

11 NATALIE HARP: Right.

12 RUDY GIULIANI: -- if we want to  
13 preserve our democracy.

14 NATALIE HARP: And they're going to do  
15 it again if there's no consequences for it. But  
16 let's start with Arizona because everybody's  
17 watching Arizona. You already know what the  
18 results are going to be. I have the facts here  
19 that you were telling them back in November,  
20 which if Doug Ducey had simply waited for you all  
21 to expose it, we would have gotten answers.

22 But they had weighted the votes for  
23 Biden 1.3 to President Trump's .7. Can you talk  
24 a little bit about that first?

25 RUDY GIULIANI: Sure. I mean, there

1 are any number of ways to analyze Arizona. The  
2 reality is that Arizona, after a great deal of  
3 work on our part in order to get the meeting, we  
4 were able to get a meeting with a group of  
5 Republican senators. Most of whom were in favor  
6 of looking at this. But some of them were  
7 opposed, who were getting great pressure by the  
8 governor not to do this.

9 On the other hand, probably the biggest  
10 grass roots effort was going on in Arizona. For  
11 some reason the Arizona Republicans, probably  
12 more than any others, were demanding that there  
13 be an audit. But not just an audit, but a  
14 forensic audit. So, we had that going for us.

15 So, we came there, this will be the  
16 first time now we were going to be able to tell  
17 them what we had found. And I began a very, very  
18 lengthy meeting that lasted hours. And two hours  
19 into it, Ducey signed off on the election without  
20 ever hearing from us.

21 We had asked to meet with him for three  
22 weeks, he never even returned our calls. I've  
23 talked to Ducey numerous times before this, he  
24 never not returned my call before. But he  
25 wouldn't return my calls, he avoided the

1 president.

2 NATALIE HARP: Who do you think got to  
3 him?

4 RUDY GIULIANI: And then he double  
5 crossed us.

6 NATALIE HARP: Who do you think it was  
7 that got him to change, or he was always like  
8 that?

9 RUDY GIULIANI: I don't, I don't, I  
10 don't know -- no, I don't think he always was  
11 like that. I don't know why he did this.  
12 There'd be no reason to do it. I mean, there'd  
13 be no reason not to let us look at the machines.

14 NATALIE HARP: Right.

15 RUDY GIULIANI: Here's what we were  
16 asking for, it's what's happening now. We  
17 weren't asking for anything unreasonable. We had  
18 a number of allegations about Arizona. And the  
19 one that actually kind of put it over the top for  
20 me is, Arizona submitted the vote to, to the  
21 congress, Ducey signed off on it, and they didn't  
22 take account of a single illegal voter, illegal  
23 alien, illegal immigrant --

24 NATALIE HARP: Right.

25 RUDY GIULIANI: -- or non-citizen.

1 Now, that's just totally impossible.

2 NATALIE HARP: Mr. Mayor, let's hold  
3 that --

4 RUDY GIULIANI: We now that Arizona,  
5 unfortunately, --

6 NATALIE HARP: Can we hold that  
7 thought; we're coming up against a hard break.  
8 Let's come back --

9 RUDY GIULIANI: Of course.

10 NATALIE HARP: -- we want to go through  
11 the numbers, the dead people, the illegal  
12 immigrants.

13 RUDY GIULIANI: Sure.

14 NATALIE HARP: Everyone stay right  
15 there; we'll be right back. Tonight, we're  
16 talking to Rudy Giuliani, America's Mayor, and  
17 really America's election integrity champion as  
18 we take a look back at the past seven months and  
19 the progress that's being made in making our  
20 elections free and fair again.

21 So, Mr. Mayor, we were talking about  
22 Arizona. There were 11,000 more ballots than  
23 voters, 36,000 people that couldn't prove their  
24 citizenship or even that they exist. This was a  
25 vote that was down to 10,000.

1           Of course, Fox News called it early  
2 before the polls, just as the polls closed. But  
3 how big do you see Fox's decision impacting then  
4 all this that started to happen?

5           RUDY GIULIANI: It was devastating.  
6 First of all, Arizona, even without considering  
7 all of things that have now been uncovered and  
8 the one major fact that I told you. That they  
9 claim not a single illegal voted, which would be  
10 impossible for Arizona.

11           I mean, Arizona has a large number of  
12 illegals. They make it even more easier for them  
13 to vote, or easier for them to vote because they  
14 allow them to get driver's licenses. So, all an  
15 illegal has to do is present a driver's license  
16 and nobody's going to check on whether they're  
17 illegal or not.

18           And one of the things I wanted was I  
19 wanted the names of the people who voted.  
20 Because just by simply checking that, doing an  
21 accurate check, or against a list of illegal  
22 immigrants that exist, I probably could have come  
23 up, I was told now, this is from an expert. I  
24 was told 30, about 38 to 40,000, just in Maricopa  
25 County.

1           So, the fact that Ducey cut us off,  
2   remember we were cut off without a hearing.  
3   Nobody would give us a hearing, even the courts.  
4   When they talk about the court case, and we only  
5   had six. There were about 60 by other people.  
6   But in our six, and in the others, every judge  
7   made sure not a single witness got on the witness  
8   stand.

9           So, remember I'm not making this up.  
10   This was told to me by people. I have witnesses  
11   for these things. I have witnesses that say they  
12   weren't allowed to check absentee ballots,  
13   thousands of them, even though they complained.

14           I have witnesses that say they seen,  
15   they saw a ballot put into the machine four,  
16   five, six, and seven times. I have witnesses  
17   that say, this is in another state, but that say  
18   that they were trained to show people how to vote  
19   the Democratic ticket. And also, how to put  
20   registrations against anonymous votes. They were  
21   trained how to do that.

22           Now, I was not allowed nor were my co-  
23   counsel ever allowed to present any of these  
24   witnesses in a courtroom. So, we then decided on  
25   the strategy of state legislatures. Let's try

1     them. After all, they have the prime  
2     responsibility.

3             So, we went to Pennsylvania first, they  
4     gave us a hearing, God bless them. They're the  
5     first ones to allow us to put on witnesses. And  
6     then in Michigan, we were able to put on  
7     witnesses. And I think we probably got our best  
8     and longest hearings in Georgia.

9             But when we came to Arizona, we had a  
10    group of very courageous senators that wanted to  
11    have hearings, open hearings, but the governor  
12    would not allow it. And the governor put on  
13    tremendous pressure of actually for us not even  
14    to show up, much less be able to present  
15    witnesses. But these senators worked with us and  
16    over a period of time we were able to informally  
17    present the witnesses to them.

18            And there are any number of different  
19    areas of fraud in Arizona. You have the people  
20    from out of state that voted. And you have the  
21    people that voted from different parts of the  
22    state. All of this, of course, has to be  
23    verified. This comes from witnesses who alleged  
24    this happened.

25            And that's why the most important thing

1 we could have gotten was an audit. And think of  
2 where the justice of this is and who's right and  
3 who's wrong. We wanted the audit, they didn't.  
4 Or make it simpler, we wanted to look at the  
5 machines and test them. They fought tooth and  
6 nail to never let us see a single machine in  
7 every state.

8 We wanted to look at the ballots to  
9 see, we wanted to look at the paper, we wanted to  
10 see if it was legitimate paper or not. Is this  
11 the ballot that Arizona sent out? Or is it a  
12 substitute piece of paper that somebody made, so  
13 you could stuff the ballot box?

14 Now, that can be done. There's a  
15 machine actually and a process that allows you to  
16 do that. You just run them, and the machine can  
17 tell you no, no, that's not the right paper,  
18 that's not the right paper, that's not the right  
19 paper. Then you can have further examination of  
20 that. You don't have to just listen to us.

21 So, if they had run a clean election,  
22 Natalie, tell me why they wouldn't let us do  
23 that?

24 NATALIE HARP: Right.

25 RUDY GIULIANI: Why have they been

1 fighting us for seven months to take a look at  
2 the paper?

3 NATALIE HARP: It's unbelievable.

4 RUDY GIULIANI: I mean, when I spoke,  
5 when I spoke at the rally on the 3rd, on the 6th,  
6 where they claim I said we wanted a trial by  
7 combat, I was talking about a trial --

8 NATALIE HARP: Right.

9 RUDY GIULIANI: -- very clearly between  
10 the two machines. Let's take a legitimate  
11 machine and their machine and I can show you if  
12 we match them that the legitimate machine can't  
13 count the votes twice the same way even if it  
14 tries.

15 Well, the illegitimate can't count the  
16 votes twice even if tries. Just let me do that  
17 because I had seen it. People had demonstrated  
18 that for me. I wanted the public to find out  
19 what I knew.

20 And the conspiracy of silence and  
21 censorship was so inconsistent with the values of  
22 America, free speech openness, this was a  
23 terrible thing that happened. A terrible thing,  
24 it cannot be repeated if we really want to  
25 maintain our democracy.

1           NATALIE HARP: And state legislatures,  
2 you all were so right to focus on that because  
3 that's where we were seeing the action. We're  
4 seeing zero action on Capital Hill. Now, if you  
5 talk about the 2020 election, you're an  
6 anarchist, you're an insurrectionist.

7           But this is what we wanted to happen  
8 between November to January. If Pence had sent  
9 it back to the states, the states would have been  
10 under a timeline to actually look at this,  
11 recertify in terms of the correct vote.

12           But their books were not clean.  
13 There's no way that was an accurate count. Dead  
14 people voted, even people that in Pennsylvania  
15 were dead, people were stealing their identities.  
16 Can you talk a little bit about that?

17           RUDY GIULIANI: Oh, sure. I mean,  
18 first of all, when you sign that certification to  
19 the electoral college, that's under penalties of  
20 perjury.

21           So, let's say Ducey, right, Ducey  
22 signed an affirmation that there was not a single  
23 irregular vote. How could he do that when there  
24 are no, they don't account for a single illegal  
25 immigrant? Does he mean to say that no illegal

1 immigrants voted in Arizona, I mean, that would  
2 be absurd. I mean, even if it isn't a number  
3 that would change the election.

4 How about the people where in Georgia  
5 the attorney general of Georgia, who's some kind  
6 of a strange, strange guy, there's something  
7 really wrong with him, told the president that  
8 there was only one dead person that voted.

9 So, overnight I produced 370 obituaries  
10 of people that died that year before the  
11 election. The expert said it's more like about  
12 six or seven thousand if we checked the whole  
13 thing. But we didn't have time to be able to do  
14 that.

15 And you know why we couldn't do it;  
16 they wouldn't give us the names of the people who  
17 voted. None of these states where we alleged  
18 cheating took place gave us a single document to  
19 verify that they conducted a legitimate election.

20 In each state, we asked for the paper  
21 ballots so we could test the paper the way I  
22 described. We asked to have our forensic team  
23 test the machines, because the one place we had  
24 done it, in Antrim County Michigan, the machines  
25 had cheated Trump out of 6,000 votes.

1           NATALIE HARP: Right.

2           RUDY GIULIANI: And they were  
3 programmed to do it. And the company said, oh,  
4 you can't access it by Internet. Those machines  
5 were accessed by Internet, I can show you the  
6 pictures. The company said you can't change the  
7 vote, I saw the vote being changed with my own  
8 eyes.

9           NATALIE HARP: Talk about that, the  
10 senate races, right?

11          RUDY GIULIANI: So, they don't want me  
12 to believe with my own eyes.

13          NATALIE HARP: In Georgia, you actually  
14 were watching the machines in live view seeing  
15 what they were actually doing during the vote.  
16 Can you talk about that real quick and we'll  
17 carry it over to the next segment too.

18          RUDY GIULIANI: Well, the thing in  
19 Georgia and Governor Kemp and Schnackenberg or  
20 whatever his name is, is the attorney general  
21 responsible for this. Given all the fraud that  
22 was uncovered in the general election in 2020,  
23 now again, whether it affected the election or  
24 not, I believe it did, but for sure there was  
25 fraud, you can't say there wasn't fraud. They

1 didn't do anything to change.

2 So, every single thing that was done in  
3 the presidential election was done in the senate  
4 election. The same thing, the same ballots, the  
5 same way of not checking the ballots, the same  
6 process of excluding all Republicans from any  
7 examination of the paper ballots, which is  
8 against the law in Georgia.

9 The law of Georgia is that the ballots  
10 have to be counted in public. They deliberately  
11 threw people out and counted the ballots in  
12 private. And there's videotape of it. That  
13 wasn't enough. I mean, I don't know what you got  
14 to do to prove it, they committed the crimes on  
15 video, you can see them do it. They lied about  
16 it, and then you can see these same people  
17 handing off flash drives to each other.

18 NATALIE HARP: I want to talk about --

19 RUDY GIULIANI: What are flash drives  
20 used for?

21 NATALIE HARP: -- let's talk about that  
22 a little bit more in the next segment, Mr. Mayor.  
23 I want to go in more in depth --

24 RUDY GIULIANI: Sure.

25 NATALIE HARP: -- because Georgia, we

1 didn't just lose a presidency, we lost the senate  
2 there. This is why we're living under everything  
3 we're living under right now. So, coming up  
4 against a hard break, everybody stay right there,  
5 we'll be right back.

6 It's a lot to break down, isn't it,  
7 what's been going on and what hasn't been going  
8 on since November 3, 2020. But who better to  
9 break it down with than Rudy Giuliani.

10 Now, Mr. Mayor, I can't believe how  
11 fast this is flying by. There's so much to talk  
12 about.

13 RUDY GIULIANI: Yeah, it's a lot.

14 NATALIE HARP: Georgia especially.  
15 Because Georgia, we saw the tapes, we knew what  
16 was going on based on the ballot drops that were  
17 happening in other states. But in Georgia, we  
18 all saw those suitcases being wheeled out from  
19 under the tables. We hear about the water leak,  
20 there was a leak.

21 How much do you see that as the  
22 defining moment, because President Trump was  
23 still winning Georgia Tuesday, Wednesday,  
24 Thursday, it wasn't until Friday that then they  
25 found enough votes that Biden won.

1 RUDY GIULIANI: Well, I think Georgia  
2 is, in terms of proof, the clearest proof. In  
3 terms of scope of fraud, Pennsylvania is probably  
4 the biggest.

5 But in terms of proof, Georgia has  
6 every kind of proof you could possibly imagine.  
7 I mean, the explanation for that video tape is  
8 absurd. Because you can see them, you can see  
9 them throw the people out. And the law  
10 specifically says, you can't count in private.

11 So, they threw the people, they used  
12 this phony excuse that there was going to be some  
13 kind of a water main break, it was not, there was  
14 no water main break. And then, after the people  
15 were out, and you can watch the way they're doing  
16 it, I mean, I've watched bank robberies, I mean,  
17 this looked like a bank robbery. They were doing  
18 it surreptitiously. And handing them off and  
19 doing it quickly and occasionally you can see  
20 them multiple count a vote.

21 Now, you take the two women who ran  
22 that, there were other tapes of them earlier in  
23 the day handing off, handing off small hard  
24 drives and flash drives. Those flash drives were  
25 used to put in the machines. The machines that

1 supposedly weren't accessible by Internet. All  
2 of which were accessible by Internet.

3 So, and these woman have gotten away  
4 scott free. No one's even questioned them. I  
5 mean, you have to look at that videotape and say,  
6 at least there should be an investigation and  
7 they should be put under oath as to what they  
8 were doing. The explanation that there were  
9 really people there, but we just couldn't see  
10 them.

11 Well, maybe that should be put under  
12 oath. Who are these people, come forward, state  
13 it under oath, give us an affidavit. In fact,  
14 there were enough times that the camera swept the  
15 room, that you could see that there were no  
16 people there.

17 NATALIE HARP: Right.

18 RUDY GIULIANI: Remember, in the state  
19 of Georgia if you count a vote and there's no one  
20 there, the vote's illegal, it can't be counted,  
21 it has to be taken away, it has to be thrown out.  
22 Law says you have to count votes like that, paper  
23 ballots, in public.

24 And when you look earlier on that tape,  
25 you'll see there's a whole little gallery of

1 people that include Republican, Democrats,  
2 reporters, and everyone else. You see them  
3 unceremoniously ushered out. And then you see  
4 the woman check the whole place to make sure  
5 there's nobody there and that's when they get the  
6 ballots from under the table. And that's when  
7 they start counting the ballots under the table.  
8 And we see no --

9 NATALIE HARP: We're running the  
10 footage right now, Mr. Mayor, as you're talking,  
11 we're running the footage right next to you. So,  
12 everybody can see what's going on. Take a look  
13 at that footage because it's not being played  
14 anywhere else.

15 RUDY GIULIANI: Yeah, and now, all of  
16 that was dismissed without a single person being  
17 questioned by law enforcement. Without a single  
18 person having to go under oath. So, they alleged  
19 that the phony secretary of state and they all --  
20 well, there were people around somewhere. Well,  
21 I don't see them, why don't you produce them and  
22 put them under oath. Why doesn't the DA open an  
23 investigation? Except for the fact that the DA  
24 is in a crooked Democratic county.

25 Another thing your listeners should

1 understand, Natalie, is they did this in crooked  
2 Democratic cities and not everywhere. This was a  
3 very, very well-planned executed fraud.

4 NATALIE HARP: Coordinated, according  
5 to the Time Magazine, this was coordinated.

6 RUDY GIULIANI: Yeah, they didn't pick,  
7 they didn't pick a city that is half Republican,  
8 half Democrat. They didn't even pick a Democrat  
9 city that has a reputation for honesty. They  
10 picked cities that are notoriously crooked.

11 Philadelphia, Philadelphia hasn't had a  
12 fair election in 50 years. I mean, every year  
13 it's a joke how many dead people vote in  
14 Philadelphia. I think, even if they didn't have  
15 to, they'd cheat in election for practice.

16 Pittsburgh, Democrat strong hold.  
17 Detroit, I don't know if Detroit's more crooked  
18 than Philadelphia or not, but they're sure in the  
19 same ballpark.

20 I mean, the question is does Chicago  
21 steal more votes than, Pittsburgh -- than  
22 Pennsylvania? I think the people in Pennsylvania  
23 would feel very embarrassed if they thought  
24 Chicago didn't steal, actually stole more votes.

25 Then Milwaukee, completely Democrat

1 dominated. Courts are Democrat, you go to court  
2 in Pennsylvania you're in front of a judge who  
3 tells you that when the law says that a  
4 Republican has to be present, it doesn't  
5 necessarily mean they have to see the ballot.

6 NATALIE HARP: Tell us about that  
7 because you all on the ground.

8 RUDY GIULIANI: That's idiotic, that's  
9 idiotic.

10 NATALIE HARP: We were all watching the  
11 footage, they wouldn't let you in. You had proof  
12 you could go in, they wouldn't, they were kicking  
13 people out. President Trump was winning, was it  
14 700, 800, 900,000 votes in Pennsylvania on  
15 election night, where did those come from. They  
16 still can't prove they have more ballots than  
17 people who voted.

18 RUDY GIULIANI: Well, what they did and  
19 this now it becomes a pattern. In four or five  
20 crooked cities they set pens and for the first  
21 time ever they said Republicans can't look at the  
22 absentee ballots. And they cannot inspect the  
23 paper ballots. The law in each one of these  
24 states is just the opposite.

25 So, I can show you pictures in each one

1 of these places of pens set up like you would at  
2 a stock yard for cows and we have affidavits from  
3 Republicans that for three and four days they  
4 were never let out of the pens.

5 And that's in Pennsylvania, Pittsburgh,  
6 Detroit, Milwaukee, Phoenix, Atlanta, Georgia.  
7 Now, how could it be that in each place the  
8 Democratic leaders came up with the same idea  
9 when never before in the history of voting have,  
10 we put Republicans and Democrats behind pens.

11 I mean, generally, -- you remember  
12 Florida with the chads --

13 NATALIE HARP: Right.

14 RUDY GIULIANI: -- the Republican on  
15 one side and the Democrat on the other. What  
16 happened to that? That Republican was behind a  
17 pen 30 yards away. And then, we went to court in  
18 Pennsylvania, actually it was Corey Lewandowski  
19 and Pam Bondi who went to court. And the court  
20 originally rejected it, they said the law says  
21 you have to a Republican present. The judge  
22 said, well, you are present.

23 NATALIE HARP: Right.

24 RUDY GIULIANI: And Corey said, yeah,  
25 but I can't see. And they said, well, that's

1 enough. Well, that's a corrupt decision.

2 NATALIE HARP: Mr. Mayor --

3 RUDY GIULIANI: That a ridiculous  
4 interpretation.

5 NATALIE HARP: -- I want to talk to you  
6 about the courts next. We're coming up again on  
7 a hard break. But the court's, they never took  
8 up your case like you said, they never looked at  
9 the evidence. They were the biggest  
10 stonewallers, we're coming up on a hard break,  
11 we'll see you all on the other side of it.

12 All right, so, we've been talking fraud  
13 and election integrity efforts state by state  
14 with the America's Mayor Rudy Giuliani. But as  
15 much action as we're seeing, Mr. Mayor, in some  
16 states, Arizona, Pennsylvania, Georgia, we're  
17 seeing people start to copy wanting to bring  
18 those audits.

19 But the courts, this is what was so  
20 disappointing. These supreme courts, state  
21 supreme courts even in Wisconsin, they wouldn't  
22 hear the evidence. All the Democrats in  
23 mainstream media say is that oh, they failed at  
24 the, at the level of the courts.

25 But you never did because no one ever

1 heard the cases, not even the supreme court when  
2 there was 20 states filing against Georgia and  
3 all of these states.

4 RUDY GIULIANI: I mean, I argued one  
5 case and I presented to the court 20, 25  
6 affidavits of people who claim, for example,  
7 we're talking about being shut out. One man  
8 filed an affidavit saying he was shut out for  
9 four straight days. And during that period of  
10 time 600,000 or so ballots were counted. Where  
11 he was supposed to examine them under the law,  
12 and he wasn't allowed to. He was never allowed  
13 to testify.

14 Another woman in Detroit said that she  
15 worked for the City of Detroit for 30 years and  
16 they put her in poll watching and that she would  
17 testify that she was trained to assign phony  
18 ballots from non-persons to registrations that  
19 were made available for her.

20 So, she took a piece of paper that was  
21 a ballot, she went and got a name, and she  
22 attached it to it. That's how, for example, some  
23 of the dead people voted. Because obviously, the  
24 dead people didn't leave the cemetery and vote,  
25 right.

1           That's also how some of the underage  
2 people voted, particularly in a state that allows  
3 underage people, you know, to drive at a young  
4 age, they used a motor vehicle records and they  
5 assigned it to a young person. So, you end up, I  
6 believe it was in Georgia with 68,000, I think  
7 that's the right number, should check me just to  
8 be sure.

9           I think in Georgia there was 68,000  
10 people under the age of 18 who voted. Everyone  
11 of those votes is illegal. It has to be  
12 discounted; it has to be taken out. It doesn't  
13 matter why they voted; it doesn't matter even if  
14 it was an attempt to put a phony vote in. The  
15 vote is illegal.

16           NATALIE HARP: It's 66,000, Mr. Mayor.  
17 It was over 66,000 of underage.

18           RUDY GIULIANI: 66,000.

19           NATALIE HARP: Yeah.

20           RUDY GIULIANI: Not bad, my memory, my  
21 memory is off by 2,000.

22           NATALIE HARP: You're good. And I  
23 remember the young lady that testified at that  
24 hearing where she said my identity was stolen.  
25 She was underage and it said, she checked online,

1 it said she voted. She didn't vote.

2 RUDY GIULIANI: Well, you know when I  
3 presented that evidence, I remember a reporter  
4 saying, oh, that many young people wouldn't vote.  
5 Well, what are you stupid, I mean, of course they  
6 didn't vote. They steal identities because  
7 they're a phony vote. When you have to make up  
8 the numbers they had to make up, you have to go  
9 produce phony ballots.

10 NATALIE HARP: And the state was  
11 decided by less than 12,000. So, this alone, the  
12 underage voters.

13 RUDY GIULIANI: Well, that's 66,000.

14 NATALIE HARP: Right.

15 RUDY GIULIANI: Should have decided the  
16 whole thing. That 66,000 should have decided the  
17 whole thing.

18 NATALIE HARP: All these Republican  
19 establishment types.

20 RUDY GIULIANI: I don't know what's  
21 wrong with -- Raffensperger said it was a perfect  
22 election. And he's got 66,000 --

23 NATALIE HARP: Perfect for the  
24 Democrats.

25 RUDY GIULIANI: -- young people voting.

1 How is that a perfect election if 66,000 underage  
2 people voted? How could that be a perfect  
3 election? Does he not read, or is he a liar, or  
4 is he working for the Democrats?

5 I mean, the president got criticized  
6 for the conversation with him. My goodness I  
7 thought the president was moderate in the  
8 conversation with him. Lucky, he didn't have a  
9 conversation with me to tell me to my face it's a  
10 perfect election and 62,000 underage people  
11 voted, and I have a record of it.

12 I mean, I know, I know, the Democrats  
13 created censorship and I know the press is  
14 crooked.

15 NATALIE HARP: Right.

16 RUDY GIULIANI: But I don't expect an  
17 attorney general to be crooked.

18 NATALIE HARP: And they even, when they  
19 leaked the president's phone call, they were  
20 bleeping out Ruby Freeman's name because they  
21 were trying to protect her identity.

22 Meanwhile, they'll open a criminal  
23 investigation against President Trump, but no one  
24 looked into the people there in Fulton County  
25 that are on tape showing what they were doing

1 with the ballots.

2 What is it, do you think? What is the  
3 corruption so deep we've never heard of these  
4 types before, Raffensperger, of course you have  
5 the governor there Brian Kemp. But what is so  
6 deep that made them be so corrupt?

7 RUDY GIULIANI: I don't know why.

8 NATALIE HARP: Is it Stacey Abrams? We  
9 never know, I guess.

10 RUDY GIULIANI: No, I think President  
11 Trump, I mean, if I can give you a broad sort of  
12 speculation of all of this having gone through  
13 it. And waking up in the morning being amazed  
14 and actually saying to myself, am I really in  
15 America?

16 NATALIE HARP: Right.

17 RUDY GIULIANI: I mean, I was in the  
18 justice department under Ronald Raegan during the  
19 height of the Cold War. And I actually helped to  
20 start the Pfizer Court and I handled numerous,  
21 you know, Russian spies and I'm saying to myself,  
22 gosh, am I living in East Berlin or Moscow in,  
23 you know, in 1980.

24 I mean, this is crazy, I can't get a  
25 judge who'll listen to -- and I can't get the

1 press to be impressed with a videotape showing  
2 the votes being stolen, or I can't get them to  
3 see that if 68,000 underage people voted, that  
4 there's problems with this election.

5 I mean, what's going on? I think the  
6 hatred and the fear of Donald Trump was so great  
7 that they came to this rationalization that  
8 anything could be done to get rid of him.

9 NATALIE HARP: Right.

10 RUDY GIULIANI: I mean, Trump  
11 derangement syndrome is -- and also, it's that  
12 they're -- it was the shock that they had that  
13 they didn't beat him last time. Who's to say  
14 they didn't cheat last time just not enough.

15 NATALIE HARP: He won by so many --

16 RUDY GIULIANI: In fact, this time --

17 NATALIE HARP: When you look at it by  
18 11 million, unbelievable.

19 RUDY GIULIANI: This time, well, this  
20 time -- they may not have cheated enough  
21 originally.

22 NATALIE HARP: Right.

23 RUDY GIULIANI: I mean, I think they  
24 were shocked when he was ahead by 800,000 votes  
25 on Tuesday night, it's got to be that a lot of

1 the Democrats crooks were fainting. How do you  
2 make up 800,000 votes, well, you don't.

3 We also had experts that no one would  
4 listen to, statistical experts that said that  
5 that was impossible. It was impossible with the  
6 number of votes left to make up even 700,000  
7 votes without cheating.

8 And given that, we should have at least  
9 been allowed to look at the paper ballots. Where  
10 did these paper ballots come from. When they  
11 came in, we had been shut out. They pretended --  
12 the other thing they did in synchronization was,  
13 they all closed down at approximately the same  
14 time.

15 NATALIE HARP: Right.

16 RUDY GIULIANI: Because they got  
17 frightened the election was getting away from  
18 them. If you kept counting the machine, who  
19 knows Trump may have been ahead by a million  
20 votes.

21 So, they -- and it was every state that  
22 they cut down, he was ahead --

23 NATALIE HARP: And the media  
24 facilitated that because they stopped it as well.  
25 Fox News was one of the first.

1 RUDY GIULIANI: Well, of course they  
2 did. Fox News calling Arizona for him could be -  
3 - that's going to be a point in history that  
4 defines this election. That they were able to  
5 get Fox News to do that. Because that also  
6 covered a lot of the close down of the vote. You  
7 know, they were supposed to count all night in  
8 all those places. They weren't supposed to stop  
9 the counting.

10 So, what happens is they come up with a  
11 water main break in Atlanta. They tell the  
12 people in Pennsylvania that everybody's too  
13 tired, go home. They throw everybody out in  
14 Michigan. And then at three in the morning a big  
15 truck comes in with 300,000 votes. And all the  
16 Republicans have been thrown out.

17 But we have affidavits from three  
18 people who observed, who have never been allowed  
19 to testify.

20 NATALIE HARP: Right.

21 RUDY GIULIANI: And they'll testify  
22 that every single time they heard a name called,  
23 they heard the name Biden called. And then when  
24 you go back and our experts look at the roll, we  
25 get situations like, I'm going to paraphrase now,

1 but the exact numbers are roughly like this.

2 We get like 512,000 votes for Biden and  
3 18,000 votes for Trump. What, well, how could  
4 that add, that's less than one percent. There's  
5 no place in world that he got less than one  
6 percent. You're not going to get a sample of  
7 600,000 votes where he got less than one percent.

8 So, maybe he did, so, show us the  
9 ballots. I want to see those ballots where one  
10 guy got 500,000 and the other guy got 12,000,  
11 show me the ballots, maybe they're legitimate.

12 Why you hiding them? Why you hiding  
13 them for seven months? I mean, you're letting me  
14 accuse you of all this kind of fraud and you  
15 could show what a fool I am by just putting out  
16 the ballots and say, look see, perfectly legit.  
17 See this machine, you can't change the vote in  
18 this machine. See this machine, you can't access  
19 it by Internet.

20 On the other hand, if I take the  
21 machine and I show you how to change the vote and  
22 I show you how to plug in the Internet, maybe  
23 then you go to jail, right.

24 NATALIE HARP: And Kamala Harris, she  
25 actually took the machines to the hill. When you

1 look back two years ago, the Democrats, Elizabeth  
2 Warren, all of these Democrats were talking. Of  
3 course, they wanted to say it was --

4 RUDY GIULIANI: They know what  
5 happened.

6 NATALIE HARP: -- the Russians, right?  
7 But now when we say, no, it's the Democrats --

8 RUDY GIULIANI: They know what  
9 happened.

10 NATALIE HARP: -- we can't look at it.  
11 I want to pick it up right there, we're, again,  
12 coming across one more hard break. Mr. Mayor, we  
13 needed like eight hours tonight because there's  
14 so much to go through.

15 RUDY GIULIANI: Yeah.

16 NATALIE HARP: But one more left to go,  
17 we'll see you on the other side of it.

18 RUDY GIULIANI: There is a lot.

19 NATALIE HARP: As much as we've talking  
20 about election integrity efforts on the state  
21 level, there's always that major concern the  
22 Democrats are just going to take over monopoly  
23 control and federalize elections permanently.  
24 Which Mr. Mayor, it would mean the end of America  
25 as we know it.

1 But before we get into federalizing  
2 elections, I wanted -- I have the numbers  
3 actually right here, in Michigan at 6:31, this is  
4 what you were talking about. They suddenly  
5 reported 147,224 votes, 94 percent for Biden. In  
6 Wisconsin at 4:42 a.m., Wisconsin reported  
7 143,279 votes, almost all for Biden. Where'd  
8 they come from? Those are your facts, sir, I  
9 watched every hearing.

10 RUDY GIULIANI: No, I know, I know, I  
11 know, you've got a similar, you've got a similar,  
12 I mean, you've got a count in Pennsylvania that's  
13 something like 500,000 votes for, for Biden and  
14 something like 24,000 for Trump at the same time.

15 NATALIE HARP: Yeah.

16 RUDY GIULIANI: All of this  
17 coordinated. Look, I haven't seen the ballots.

18 NATALIE HARP: Right.

19 RUDY GIULIANI: But I'm willing, I  
20 mean, I'm willing to take the time to look at  
21 them because I think I'm going to find that those  
22 are phony ballots. And if they weren't phony  
23 ballots, why not produce them? Why are they so  
24 afraid of having these ballots examined and why  
25 are they so afraid of having the machines

1 examined?

2 Well, the one time they were examined,  
3 they turned out to be phony machines. So, that  
4 may be the case. We also have a few machines in  
5 Georgia that we actually have examined because  
6 Republicans made them available, and they also  
7 were accessible by Internet. You could change  
8 the vote; you could do fractional voting.

9 Now, why should you be able to do  
10 fractional voting? A voting machine should count  
11 the vote, not calculate the vote. They shouldn't  
12 be able to change how I voted. Once I vote, it  
13 should remain that way under that name, and there  
14 should be no ability to change that.

15 The minute you got a machine where you  
16 can change that, you got a machine where you can  
17 cheat. And you can be sure if there was an  
18 ability to cheat, they did it.

19 NATALIE HARP: And with the audits  
20 going on, do you think we're going to uncover all  
21 this? Because there's so many types of frauds  
22 when you talk about looking at the books,  
23 cleaning up the voter rolls.

24 We see the legislation coming through  
25 at the state level, they're trying to clean up

1 the books even Texas and Florida, they're even  
2 taking bigger steps, but that's why the Democrats  
3 want to federalize elections. Because if these  
4 audits go through, if legislation comes through,  
5 we would, hopefully, be able to clean it up.

6 But you even have counties in Georgia  
7 saying that they're going to have sanctuary  
8 districts where then they can run the books  
9 however they want to.

10 RUDY GIULIANI: Well, elections are  
11 supposed to be local.

12 NATALIE HARP: Right.

13 RUDY GIULIANI: So, if they try to  
14 federalize the presidential election, that would  
15 be, without doubt, a violation of section two of  
16 article two, section one, clause two of the  
17 constitution, which says that the state  
18 legislatures oversee the electors, oversee the  
19 presidential election, it makes no provision for  
20 congressional intervention.

21 It is true in article one where they  
22 provide for legislative elections, congressional  
23 elections, the legislatures, the state  
24 legislatures are supposed to set the rules, but  
25 congress can make variations.

1           Now, the question is when they say they  
2   can make variations, the constitution doesn't say  
3   they can cut out the legislature completely. So,  
4   I think they have serious constitutional  
5   problems. Certainly, with the presidential part.  
6   It's clearly unconstitutional for them to try to  
7   federalize an election where the state  
8   legislatures determine the rules under which the  
9   electors are governed.

10           And there's no provision for congress  
11   intervening. There is a provision for congress  
12   intervening in congressional elections, but there  
13   is no provision for their taking it over.

14           And I think what they've done, they've  
15   gone so far that they changed -- they've also  
16   changed the nature of our government. Our  
17   government is a government of limited powers.  
18   There's no power that's absolute in our  
19   government.

20           So, they basically federalized,  
21   nationalized, centralized our government. Now,  
22   why are they doing that? Natalie, you want to  
23   know why, I think. Because they want a socialist  
24   government, that's what a socialist government  
25   is. It's one big central government that tells

1 everybody what to do.

2 And as we watch the performance of  
3 these governors in Democrat states, we can see  
4 that socialist tendency coming out in them. I  
5 mean, they've become like petty dictators.  
6 Whitmer in Michigan, Newsome in California, Cuomo  
7 in New York. You know, you don't have your mask  
8 on, I don't know, are they going to throw you in  
9 the dungeon.

10 Meanwhile, they go to dinner without  
11 their mask on. Or you know, you can't go get  
12 your hair done, you're going to go to jail for 20  
13 years and then (indiscernible) goes and gets her  
14 hair done and says, well, you know I have to look  
15 good, but everybody else can look like, you know.

16 I mean, it's unbelievable what we've  
17 been through. I don't know if we realize we've  
18 been through a year in a half of the biggest  
19 deprivation of our constitutional rights ever in  
20 the history of this country.

21 We're now living in a censored country.  
22 The things I said to you, I couldn't say on any  
23 network television in America. It wouldn't be  
24 printed in the, even in the Wall Street Journal.  
25 Why is that, why can't I have an opinion on the

1 election?

2 NATALIE HARP: And you have facts to  
3 back up that opinion too.

4 RUDY GIULIANI: My goodness, I know  
5 more about it than most people.

6 NATALIE HARP: You know, you have the  
7 hard evidence, those affidavits haven't gone  
8 anywhere.

9 RUDY GIULIANI: I'm willing to, I'm  
10 willing to debate the election with anybody that  
11 wants to debate it with me. Get a hundred people  
12 there or a million, come on, I'll debate the  
13 election. I'll bring out my -- but I would also  
14 like the opportunity to, if I'm going to debate  
15 it, to bring out my 100 witnesses.

16 NATALIE HARP: Right.

17 RUDY GIULIANI: Who are American  
18 citizens from all over the country. Some of whom  
19 are Democrats, who will tell you that they  
20 observed cheating. To say this election didn't  
21 have massive cheating and then we've got to add  
22 it up and see did it affect the result in that  
23 state or whatever.

24 But we haven't even gotten to the stage  
25 where a court will listen to the witnesses. I

1 mean, something very, very seriously wrong  
2 happened here when the elite, however you want to  
3 describe it, all got together and said we've got  
4 to get rid of this guy, no matter what we have to  
5 do.

6 That's essentially what happened, and  
7 we have some Republicans cooperating in that. I  
8 know we have some.

9 NATALIE HARP: But we caught them  
10 because President Trump, he won by such a large  
11 margin, we caught them in it. Do you think your  
12 closing statement, I can't believe how fast this  
13 hour has flown by. Your message to America, the  
14 state legislatures right now, what is your  
15 message to them as they're trying to make right,  
16 you can never totally make it right? But trying  
17 to make sure it doesn't happen again.

18 RUDY GIULIANI: Don't be afraid, don't  
19 be afraid of the threats. I mean, we were so  
20 close to having this happen and they were  
21 threatened. They were threatened by governors,  
22 they were threatened by companies, they were  
23 threatened by dominion lawsuits, you know, saying  
24 we're going to take \$2 billion from you. You got  
25 a lot of frightened people. And we got people

1 that lost their jobs over this.

2 You know, this is very, very important.  
3 The, the people have been asked to defend our  
4 country and our rights and put their lives at  
5 risk. Well, you're being asked to put your  
6 reputation at risk. If they had to put there  
7 lives at risk, we can put our reputations at  
8 risk.

9 What I'm telling you is the complete  
10 truth. And I am willing to be tested on that  
11 anywhere, anyplace. And what they want to do is  
12 shut me down, in fact, they want to put me in  
13 jail.

14 I mean, they're trying to frame me for  
15 things I didn't do, and they even know I didn't  
16 do it. And this is a terrible time in American  
17 history and people who are patriots and people  
18 who care about country have to have the guts to  
19 move forward even if they threaten you with the  
20 loss of a job or threaten you with being  
21 canceled. Or threatening you with a criminal  
22 investigation that will bankrupt you.

23 The country deserves that kind of  
24 sacrifice. People made much bigger ones than  
25 that. Just don't back off, you can't believe

1 what these legislatures have been threatened  
2 with. And my admiration for the ones that stuck  
3 it in there is endless, endless. And that's what  
4 it means to be a patriot.

5 NATALIE HARP: Mr. Mayor, you are a  
6 hero. What you did between November, January,  
7 what you still do to this day. No one had the  
8 wisdom and courage that you did. Of course,  
9 President Trump did.

10 But you will never let us down, you  
11 kept fighting. It's inspirational now to see  
12 that people still carrying on that fight. We  
13 need to do this again sometime, because like you  
14 said, it's nowhere else out there in the  
15 mainstream media.

16 But this is what 75 million, probably  
17 90 million Americans out there who voted for  
18 President Trump or care about our movement, 100  
19 million that know exactly went wrong in the last  
20 election. So, we'll see you soon, Mr. Mayor.

21 RUDY GIULIANI: God bless you.

22 NATALIE HARP: God bless you; your  
23 reward really is in heaven.

24 RUDY GIULIANI: And God bless you and  
25 OAN for doing it. A lot of courage.

1                   NATALIE HARP: God bless you. We got  
2 to keep fighting, thank you.

3                   RUDY GIULIANI: Thank you.

4                   NATALIE HARP: And winning.

5                   RUDY GIULIANI: We will.

6                   NATALIE HARP: And before we go, do you  
7 know the real story as to why President Trump  
8 chose to run for president in the first place?  
9 Sure, we know the issues, trade, illegal  
10 immigration, the endless wars. But really the  
11 reason he ran was never a what, but a who.

12 [VIDEO PLAYS]

13                   NATALIE HARP: And neither will we. We  
14 have no patience for the injustice that happened  
15 November 3rd. No tolerance for incompetence at  
16 the state level, all the way up to the supreme  
17 court.

18                   And above all, we have no sympathy for  
19 those who have failed us leading up to and after  
20 November 3rd. This is why we are staying in  
21 politics. And this wonderful movement President  
22 Trump gave voice to. Because just like President  
23 Trump, we're not doing it for a what, but a who.  
24 God, country, and each other. And because of  
25 that, we will win.

1                   And that is the real story. Thank you  
2                   so much for joining us tonight and every night.  
3                   And tuning out the fake news and tuning in for  
4                   the real story, where together we break down the  
5                   news as it should be, of, by, and for the people,  
6                   that's us.

7                   I'll see you back here on Monday,  
8                   President Trump's birthday, as we thank God for  
9                   the gift of his life and his leadership, not just  
10                  on this day, but really upon every remembrance of  
11                  him. Because formally forgotten Americans never  
12                  forget you know. So, until then, as always, keep  
13                  the faith and have a magnificent weekend.
